WHY TOPSIM ON DEMAND – BUSINESS CHALLENGE?

- ▶ In TOPSIM on Demand – Business Challenge, the participant is taking over the role of management of a innovative backpack manufacturer (Smart Backpacks).
- ▶ The participant has to make strategic and operational decisions in different areas of the company and receives helpful hints along the way.
- ▶ Through the onboarding program with interactive tasks and a personal advisor, the participant can familiarize himself with the scenario and the game interface.

ON DEMAND
The participant will oppose a virtual (computer played) opponent, in an asynchronized and self-paced setup.

REPEATABLE
To improve the results the participants can play several rounds. During this process, he or she receives tips from a digital consultant.

WEB BASED
The web-based application can be accessed by participants anytime and anywhere.

COMPARABLE
Through the leaderboard tracking scores of participants you can compare the performance of all players.
